INFRARED TRAINING INSTITUTE

INFRARED CAMERA AND THERMAL TRAINING SOLUTIONS

We believe that a successful IR program requires qualified infrared technicians. The first step in achieving this goal is professional hands-on training. To this end, we offer Certification courses to educate your thermographers in the use of your Infrared Equipment as a nondestructive testing tool.

To enroll in one of our classes, please fill in the registration form below and fax it back to the number below. For more information by phone, please call 409-861-0788 or email JenniferL@infraredcamerasinc.com

FAX BACK REGISTRATIONS TO 409-866-7229

One Registration form per student.
